## *COLEGIO MAYOR EN CÁCERES*

*The historic centre of Cáceres, not far away from the Portuguese border, is a cultural heritage of humanity. In this interesting Spanish city located in the extreme west I once took part in an English course. It was a summer course and I was 15 years old. It was a great experience, because there were young people from all Spanish cities. It was amazing!*

## *CORTIJO EN ALMERIA*

*When I was young, I used to spend part of our summer holidays with my family in a beautiful village in Almería. Its name is Vélez Rubio. Near to this place there is a country house from my father's family, where we met with the rest of the family. It was really amazing. We walked in the nature, played and had many delicious meals. It is a great reminiscence of my youth.*

## *CONSERVATORIO DE MÚSICA Y DANZA DE MURCIA*

*When I was 15 years old, I enrolled in the Conservatorio de Música y Danza de Murcia to study Spanish and classic dance. At that time the Conservatory was situated in the Teatro Romea, a beautiful building in the centre of the city.*

*At first, I enjoyed it very much but after a couple of years it was not so amazing for me anymore because of the exams and the strict way to learn. I just wanted to have fun, not to do career. I was studying at University and I did not have so much time, so I decided to give classical dance up and to dance as a hobby.*

## *CASTILLO DE VÉLEZ BLANCO*

*Once my family and I we visited the Castle of Vélez Blanco located in the province of Almería in the south of Spain. It is built in Renaissance style and the courtyard of this castle was sold in 1913 to George Blumenthal and since 1945 it is exposed at the Metropolitan Museum of Art in NY. Last summer I was in NY with my daughter and we visited this museum. It was amazing seeing this part of a Spanish Castle in this important American museum!*
