

What was your life like when you were younger?

When I was young, I had a lot of dreams and some dreams have come true. My life was easier than now, but all the stages of life are beautiful.

My brother and I lived with our parents and I remember that, when it rained at the weekends, we played board games like monopoly and it was so much fun!

I loved to go to the cinema with my friends at weekends in winter and in summer we always were at the pool or on the beach and when I was alone at home I used to draw and I have a lot of notebooks full of pictures from those years.

In my youth I was very happy!
