Wafaa's Story

I was born in Syria in 1966.

I had a big family and a big and beautiful home. As a child,
I exercised, played hide and seek and tag with my many friends.

I studied at high school and became a teacher.

I had two daughters, but they and
my husband were killed in war in Syria. After that I lived in Jordan for
3 years and moved to Finland in 2015.
